## **DETAILED ACTION**

### ***Response to Arguments***

Applicant's arguments and amendments, see pages 2-10, filed November 17, 2009 with respect to the objection to the specification, objection to claims 20-27, rejection of claims 18-27, 32 and 34 under 35 USC 112 2<sup>nd</sup> paragraph and rejection of claims 18-34 under 35 USC 103 have been fully considered and are persuasive. The rejections of claims 18, 20-28, and 30-34 have been withdrawn.

### ***Allowable Subject Matter***

Claims 18, 20-28 and 30-36 are allowed over the cited prior art.

The following is an examiner's statement of reasons for allowance:

The cited prior art neither teaches or suggests that, in a device for control of an infinitely variable transmission of a vehicle to ensure regulation of torque and of thermal status with an electric variator, that the device have two parts that create a main instruction and a supplemental instruction respectively. A damping unit calculates an instructional supplement that damps oscillating modes brought about by the stiffnesses of the kinematic chain between the heat engine and the wheels by adding weighted values of setpoints to weighted values of physical quantities. The weighting of the set points and the physical quantities is done according to a function of the operating point of the vehicle. A mechanical decoupling unit that is positioned between the heat engine and a

pair of electric machines calculates a main instruction to attain setpoints based on wheel torque and torque of the heat engine of the electric machines.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LIN B. OLSEN whose telephone number is (571)272-9754. The examiner can normally be reached on Mon - Fri, 8:30 -5.
